Dear Mr. Bennick:

A big thank you from the students and staff at Libby Center in Spokane, WA for your entertaining, energizing and uplifting assembly. Your positive message of teamwork and respect was delivered with fun and humor. The students really enjoyed the interactive lesson and I really appreciated how you were able to tie it all together and change it up a little for each different audience.

Thanks for being flexible and for the extra you did to meet the needs of all the students at Libby. Students and staff alike came away with a smile and a fresh perspective on treating each other with respect.

Even quizzed a week later, students were able to remember what the five juggling balls represented! I would recommend your Bullying assembly to any school who is looking for a fun, upbeat way to support their message of respect and teamwork.

Sincerely,

Angela Hartsfield
